

A compliance team in Amman cut off my climate pitch. They only wanted to know if it hit their green lending quota.

Sustainability teams write the narrative. They do not sign the purchase order.

**Compliance teams own the quota.
Missing it triggers a regulatory penalty,
not a bad headline.**

Local banks buy climate data because non-compliance cost is priced and dated. Goodwill is not.

Even advisory work linking this data to Korean investors is pushed by a regulatory deadline, not an impact thesis.
