

**A bank compliance team
in Amman cut off my
climate data pitch
halfway through.**

Sustainability teams write the narrative. They do not sign the purchase order.

**Compliance teams own the quota.
Missing it triggers a regulatory penalty,
not a bad headline.**

Local banks buy climate data because the cost of non-compliance is priced and dated. Goodwill is not.

Even advisory work linking data pipelines to Korean investors is pushed by a regulatory deadline, not an impact thesis.

If you underwrite frontier market climate exposure, stop reading pitch decks. Read the mandate. Find out who gets penalized, and by when.
