

A bank compliance team in Amman cut off my climate data pitch. They only wanted one thing: the green lending quota deadline.

Sustainability teams write the narrative. They do not sign the purchase order.

**Compliance teams own the quota.
Missing it triggers a regulatory penalty,
not a bad headline.**

Local banks buy climate data because the cost of non-compliance is priced and dated. Goodwill is not.

Even advisory work linking this data to Korean investors is pushed by a regulatory deadline, not an impact thesis.

**Stop reading ESG pitch
decks. Read the mandate.
Find out who gets penalized,
and by when.**
