

**A bank compliance team
in Amman cut off my
climate data pitch
halfway through.**

They did not want the impact story. They wanted to know if this hits their green lending quota before the deadline.

Sustainability teams write the narrative. They do not sign the purchase order.

**Compliance teams own the quota.
Missing it triggers a regulatory penalty,
not a bad headline.**

Even Korean investor advisory work gets pushed by a regulatory deadline, not pulled by an impact thesis.

If you underwrite frontier market climate exposure, stop reading ESG decks. Read the mandate. Find who gets penalized, and by when.
