

**A bank compliance team
in Amman cut off my
climate data pitch
halfway through.**

They did not want the impact story. They wanted to know if it hit the green lending quota before the deadline.

**Sustainability teams write the narrative.
Compliance teams own the quota, and
missing it triggers a regulatory penalty.**

Across Jordan, Saudi Arabia, and Cambodia this year, the buyer in the room is never the sustainability team.

Advisory work linking this data to Korean investors is pushed by a regulatory deadline, not an impact thesis.

Read the mandate, not the ESG pitch deck. Find out who gets penalized, and by when.
